Cal OES COASTAL REGION

College Football National Championship Game Weekend, Santa Clara County

Santa Clara County will host the College Football National Championship game on 01/07/19 at Levi's Stadium. Events related to the football game began across the county on 01/04/19 and will continue through 01/07/19.

- There are no requests or unmet needs

Activations

- City of San Jose EOC Activated Level 2 or duty officer monitoring status through 01/07/19
- City of Santa Clara EOC Activated Level 2 or duty officer monitoring status on 01/07/19
- Santa Clara County Environmental Health on 01/07/19
- Santa Clara County EOC is not activating unless need arises (22 positions can be filled if necessary)

Deployments

- 1 Cal OES Coastal Region ESC will respond to Santa Clara County EOC only if activated
- 1 Cal OES Coastal Region ESC/Duty Officer will be monitoring the event as well as social media and WebEOC.

SITUATION SUMMARY

Cold Weather Event, Coastal Counties

A series of storms will be hitting the region today. Several counties have activated their cold weather response plans and opened additional beds in shelters and/or warming centers in response to cold overnight temperatures. Social Media is being used to alert many communities of the extended hours for shelter beds and warming centers.

- Humboldt County:
 - DHHS: General Relief (GR): 707-269-4106, 537 W. Washington Street, Eureka: Motel voucher for disabled people, if they are on SSI, SSDA, VA, or currently working with GR to get on one of these programs they can contact GR for those vouchers.
 - Mission: 443-5016 Women's 443-4551 Men, 110 2nd Street, trying to allow anyone who shows up inside during extreme weather, but normal assessment is they have to be in line by 4:30 to get processed for the night.
 - Mental Health sheltering: These are done by Mental Health case managers who do the assessment and they are giving motel vouchers, so if they are working with mental health they would need to contact their case manager.
 - Arcata House: 707-663-6236, 5001 9th Street Arcata: Is working with several churches on a rotating basis to shelter people at night during extreme weather conditions. They would have to sign up at the Annex in Arcata and then depending on which churches turn it, is they either walk over or are bused over after 5 pm. While there, they are feed and allowed to shower.
 - Betty Chins Containers: Betty said if the Mission is full to send them to her and she will rent them a very inexpensive room.
- Marin County:
 - Friday evening the county is activating their first level of cold weather contingency plans to increase bed capacity at the regular shelter and to address any incremental needs from the homeless population due to the forecast cold, wet, and windy weather.
 - In the unlikely event that there's a surge beyond what can be accommodated at the primary location, the county will open an additional facility.
- San Mateo County:
 - Emergency shelter beds have activated due to a forecasted overnight low of 40 degrees or lower with a probability of rain of less than 50%. People in need of shelter should be referred to the nearest Core Service Agency.
 - The list of Core Service Agencies is available at <http://hsa.smcgov.org/emergency-safety-net-assistance-cores>. After business hours, contact LifeMoves at (650) 533-2022.
- Mendocino County:
 - A warming center has opened at the Ukiah Valley Conference Center during the day for people to come in a get warm and use the facilities.
 - Additional overflow emergency winter shelter beds have been added to two shelters: RCS- Ukiah & MCHC - Fort Bragg.
- Santa Clara County:
 - The County Office of Supportive Housing extended the expanded shelter services and warming centers through Tuesday morning, 01/08/19.
 - The City of San Jose will continue to provide Overnight Warming Locations until Tuesday morning, 01/08/19
 - Santa Clara OES will host an Operational Area Inclement Weather conference call on Friday 01/04/19 at 1400 hours.

SITUATION SUMMARY

Cal OES SOUTHERN REGION

Hazardous Spill #19-0089, Natural Gas Leak and Underground Explosion, Los Angeles, Los Angeles County

On 01/04/19 at 1845, the California State Warning Center (CSWC) became aware, by social media reports, of a natural gas related explosion in Los Angeles, Los Angeles County. At 2051 hours, the CSWC received a Hazardous Spill report from Southern California Gas.

Per Cal OES Duty Officers and Southern California Gas:

- A leaking gas line concentrated in an underground vault and caused the explosion.
- The Los Angeles City Fire Department and the Los Angeles City Police Department responded to the scene.
- Per Los Angeles City Fire Department, a minor fire was involved in the sidewalk area of the street.
- Southern California Gas crews were dispatched to the site and an investigation continues.
 - It was determined to be a minor gas leak; the cause is being investigated.
 - Southern California Gas restored gas service around 0600 this morning, 01/05/19.
- No injuries were reported.
- There are no unmet needs and no requests for assistance.

Evacuations

- Approximately 120 people.
 - Residents have begun being rehoused.
- Two apartment buildings were evacuated; a three story 30-unit 17,145 square-foot apartment building and a three story 42-unit 20,475 square-foot center hallway apartment building across the street.

Shelter

- Lafayette Park Community Center, 625 S. Lafayette Park Place, Los Angeles, in the MacArthur Park/Koreatown Community.
 - Overnight shelter count: 68 (will be closing today, 01/05/19)
 - Small animal count: 4

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A series of three storm systems are set to impact northwest California. The first comes through on Saturday, followed by a second storm Sunday afternoon into Monday, and a third Tuesday/Tuesday night possibly into Wednesday.
 - On Saturday peak rainfall rates generally 0.50-1.50 inches per hour. Locally higher amounts for mountains of Mendocino, King Range, and Yolla Bolly mountains.
 - Sunday afternoon / Monday: Another storm with additional, potentially heavier rain, wind and mountain snow.
 - Tuesday / Tuesday Night: Third storm with additional rain and wind.
- Winter Storm Warnings are in effect from Saturday morning through Monday morning for portions of northern and northeastern California.

SOUTHERN CALIFORNIA

- A storm system will bring a band of showers to southern California this weekend, with the brunt of the rain occurring between midnight and noon Sunday.
 - Mostly moderate rain event Saturday. Saturday night expect slight chance of heavier downpours in thunderstorms.
 - Heavy rain may cause debris flow concerns on recent burn scars.
 - Some localized rock falls and mud flows are possible.
 - Storm totals are 0.50 – 1.00 inches along the coasts and valleys, 1.00 – 1.50 inches in the foothills and mountains.
 - Snow accumulations are 4 – 8 inches above 4,500 feet with localized 12 inches above 7,000 feet.
 - Peak rainfall rates generally 0.25-0.50 inches per hour.

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

Key Points

01/05/19 - 01/11/19

Saturday-Monday

- Wet period begins today and continues throughout the week
- Significant mountain travel impacts over the Sierras and
 - Winter Storm Warnings and Winter Weather Advisories in effect for elevations above 3500 ft in the Sierra Mountains through Monday morning.
 - 1-2 feet of snow with up to 3 feet locally
 - Snow levels down to 3500/4000 ft expected across northern CA
 - Snow levels down to 4500 ft expected across southern CA. Snow ends Sunday morning across Southern CA.
- Gusty winds over the Sierra will cause areas of blowing snow and may cause downed tree branches
 - Wind Advisory in effect from through tonight for coastal and inland parts of northern and central CA.
- Heavy rain may cause debris flow concerns on recent burn scars, particularly over southern CA on Saturday night.
 - Rainfall rates are currently expected to peak around 0.5" per hour across southern CA, but there is the possibility of higher rates in near the immediate front and in thunderstorms. The greatest rainfall threat will be between 1800 and 2200 hours PST Saturday.
 - Northern CA burn scars not expected to receive high rainfall rates

Key Points

01/05/19 - 01/11/19

Tuesday-Friday

- Several more storm systems, potentially strong, will move across the state bringing another round of valley rain and mountain snow Tuesday through Thursday morning
- Most significant weather system looks to be on Wednesday
 - Significant mountain travel impacts will be possible again over the mountains
 - Heavy rain may cause debris flow concerns on recent burn scars
- Drier conditions expected starting Thursday.
